Like a Boy at 50 Bubbling Over With Vitality--Taking Iron Did It
Doctor Says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 200 per cent in two weeks time.

New York, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and an air of vigor, vim and vitality as a young man. In fact a young man he really was, notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 50 he was in good health; at 45 he was in poor health; at 40 he was in bad health; at 35 he was in very bad health; at 30 he was in terrible health; at 25 he was in a state of collapse; at 20 he was in a state of ruin; at 15 he was in a state of decay; at 10 he was in a state of disintegration; at 5 he was in a state of annihilation; at 0 he was in a state of nothingness.

SEVEN VILLISTAS TO HANG MAY 17

Unless Supreme Court Acts
Convicted Murders of C.
D. Miller Will Die.

Denning, N. M., April 25.—Seven convicted Villistas will hang in the Luna county jail here on May 17 unless their cases are appealed to the supreme court and a stay of execution is granted.

The Villista bandits were sentenced by Judge Edward Medler here Monday afternoon, after being found guilty of murder in connection with the killing of C. D. Miller, former New Mexico state engineer, during the Columbus raid on March 9.

Were Wounded.
The Villistas were captured by American troops south of the line after being wounded in the Columbus raid and were sent back to Columbus and from there to the jail here. One of the men, Jose Hangel, had to be carried to court on a cot to be sentenced and he was so ill that he was carried away after having the death sentence imposed.

The other six sentenced were Juan Sanchez, Eusebio Benitez, Francisco Garcia, Jose Rodriguez, Francisco Alvarez and Juan Castillo. They all pleaded ignorance of the crime and declared that they did not know they were crossing the border when the Columbus raid was made. They also declared that Villistas forced them to accompany him upon threats of shooting them unless they followed him into the town.

To Santa Fe.
Judge Medler, after passing sentence, ordered the prisoners taken to the state penitentiary at Santa Fe for safekeeping, as Judge Medler declared that the jail was neither safe nor sanitary and that the prisoners would be sent to the state prison for safe keeping and medical attention pending their appeal. They will be returned to Denning, however, for the execution and they will be hanged on the same scaffold.

ROYAL MEDALS GIVEN TO TWO BRITISH EXPLORERS

London, Eng., April 25.—The Royal Geographical society announced that the king has approved the award of Royal medals as follows:

The Founders medal to Lieut. Col. R. E. Fawcett, for explorations and surveys in the upper waters of the Amazon. Col. Fawcett worked for three years in the exploration of these tributaries of the Amazon which have their headwaters in the territory until recently in dispute between Brazil, Bolivia and Peru.

The Patrons medal to Capt. F. M. Bailey, Indian army, for exploration of the Tangua-Dihing river in the hitherto almost unexplored country where it branches through the Himalayas. Bailey mapped many miles of the river Tangua and discovered a peak 24,600 feet high.

CRIMINAL WOULD BE STERILIZED; LAW REFUSES

Los Angeles, Calif., April 25.—William Brown, who recently was sentenced to prison for a crime, was offered the operation of sterilization. Judge G. A. Connelley, who presided over the trial, refused to allow the operation, saying it was not a punishment and that it was not the duty of the court to order it.

Judge Connelley was supported by the performance of the operation at the county hospital but it was postponed after Thomas Lee Woolwine, district attorney, said he would prosecute anyone who performed such an operation on Brown.
